

Kineton Green Reception

Summer 2 Curriculum Overview

Reminders:

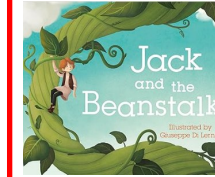

- ◆ **Punctuality - Children should be in school by 8.45am when the main gate closes, so that they are ready to start the day and their early morning work..**

Maths

In Summer 2, the children will continue learning maths through fun, hands-on activities in White Rose. They will build confidence with counting and comparing, explore sharing and grouping, and learn more about shapes, patterns and position. We want the children to develop problem-solving skills and to be able to use taught mathematical vocabulary to explain their reasoning.

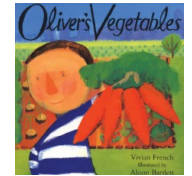

Writing

This half-term we will be sharing some lovely key texts such as Jack and the Beanstalk and Oliver's Vegetables. Our writing will be focussed around instructions—we will be making our own vegetable soup and writing instructions on how to make it.

We will again be encouraging independent writing throughout both our indoor and outdoor provision.

Early Reading

This half term we are teaching Phase 4. Little Wandle Phase 4 is a crucial stage where children consolidate all the Graphemes they learned in Phases 2 and 3. Instead of introducing new sounds, this phase focuses on reading words with adjacent consonants (like st, tr, fl) and multi-syllabic words while building reading fluency and confidence

Our curriculum project is: Ready, Steady Grow!

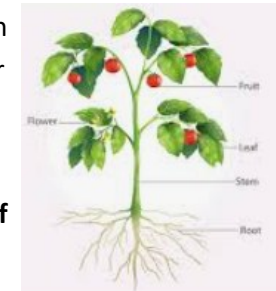

Our main learning focus is: Understanding the World

We will begin the half term by sharing the story of Jack and the Beanstalk and learning all about the lifecycle of a bean plant. Throughout the half term the children will have the opportunity to explore all things that grow—vegetables, fruits, flowers, and many more.

The children will plant their own cress heads and bean plants—we will observe them in school throughout the growing process and discuss any changes that may happen over time. We will have a walk around our school environment looking out for different plants and we will also observe the local allotment behind our school!

We have a very exciting visit from The Playhouse theatre company and will be part of an interactive story session, retelling Jack and the Beanstalk!
